

# Memo of Teleconference

---

**To:** Public Files  
**From:** Nick Ettema  
**Date:** May 7, 2014  
**Dockets:** P-1889-081 and P-2485-063  
**Project:** Turners Falls Hydroelectric Project and Northfield Mountain Pumped Storage Project  
**Subject:** Telephone conference between Commission Staff, Massachusetts Division of Fisheries and Wildlife, and FirstLight Hydro Generating Company.

On May 6, 2014, Ken Hogan and Nick Ettema of the Commission's staff participated in a telephone conference with representatives of Massachusetts Division of Fisheries and Wildlife (Fisheries and Wildlife) and FirstLight Hydro Generating Company (FirstLight) to discuss new information pertaining to the discovery of a state-listed mussel in the Turners Falls Project's bypass reach. This new information was outlined in Fisheries and Wildlife's filing on March, 13 2014.

Specifically, Commission staff hosted the meeting to facilitate communications between Commission staff, Fisheries and Wildlife, and FirstLight, to discuss how the new information may affect FirstLight's study plan implementation for the relicensing of the Turners Falls Project.

A follow-up meeting is planned.
