INVITATION TO BID

Cheshire County Facilities is seeking bids for replacement of two Transfer Switches at Maplewood Nursing Home. Bids must be returned by 2:00 p.m. on September 25, 2012 and will be opened at 8:00 a.m. the following day. The County Commissioners will review and award bid on their next regularly scheduled meeting. Questions, or to view existing transfer switches and specifications should be directed to Barry King at 603-399-7300. To obtain a bid package, contact Amanda Bassett at the same number or abassett@co.cheshire.nh.us The Cheshire County Commissioners reserves the right to reject any and all bids.

UNITED STATES OF AMERICA FEDERAL ENERGY REGULATORY COMMISSION

TransCanada Hydro Northeast Inc. Project No. 1892 -000 New Hampshire -Vermont Project No. 1855-000 New Hampshire - Vermont Project No. 1904 -000 New Hampshire- Vermont FirstLight Power Resources Project No. 2485- 000 Massachusetts Project No. 1889- 000 Massachusetts

NOTICE OF ENVIRONMENTAL SITE REVIEW

(August 3, 2012)

In anticipation of the filing of a Notice of Intent (NOI) and Pre-Application Document for three hydroelectric projects

owned and operated by TransCanada Hydro Northeast Inc. (TransCanada) in New Hampshire and Vermont (Wilder Dam Hydroelectric Project No. 1892, Bellows Falls Hydroelectric Project No. 1855, and Vernon Dam Hydroelectric Project No. 1904), and two projects owned and operated by FirstLight Power Resources in Massachusetts (Northfield Mountain Pumped Storage Hydroelectric Project No. 2485, and Turners Falls Hydroelectric Project No. 1889), all located on the Connecticut River, the Federal Energy Regulatory Commission (Commission) will be hosting an environmental site review for each of the projects during the first week of October 2012.

The environmental site reviews are being held to provide all stakeholders, interested in the projects' pending relicensing proceedings, an opportunity to view the projects' facilities and surrounding areas.

Under the Commission's Integrated Licensing Process, the Commission conducts its National Environmental Policy Act (NEPA) scoping meeting within 90 days of the filing of the Licensee's Notice of Intent. An environmental site review is typically held in conjunction with that scoping meeting. However, access to some project facilities may be limited by winter weather during the early part of 2013 when scoping for this project is currently anticipated. For this reason, the Commission has chosen to host the environmental site reviews in October before the onset of winter. While the Commission expects to host its NEPA scoping meetings for

the projects in early 2013, it will not conduct the environmental site reviews at that time. As such, the Commission encourages all interested parties to participate in the October environmental site review(s) to facilitate productive scoping meetings early next year. Details of the project specific environmental site reviews follow.

FirstLight's Projects

FirstLight will bus attendees from the Northfield Mountain Visitors Center to tour the Northfield Mountain Pumped Storage Hydroelectric Project and the Turners Falls Hydroelectric Project. Bus capacity is approximately 55 individuals. In addition, FirstLight is providing a boat tour of the section of the Connecticut River impounded by the Turners Falls Project which also serves as the lower reservoir for the Northfield Mountain Pumped Hydroelectric Storage Project. Boat capacity is approximately 44 individuals. Depending on the number of participants that R.S.V.P., two tour groups (Group 1 and Group 2) may be established. The schedule below reflects the two groups. **All individuals should meet at the Northfield Mountain Visitors Center (address below) on October 4, 2012 at 8:00 a.m. for a briefing on both projects.**

Group 1 Schedule:

Directions and Logistics

For safety purposes, individuals attending an environmental site review and/or Reservoir Tour are asked to dress accordingly. **Please wear pants, long sleeve shirts, and closed-toe shoes.** Failure to comply with this request may result in limiting the attendee's access to project facilities.

To facilitate logistical arrangements, if you plan to attend an environmental site review and/or reservoir tour, **please R.S.V.P.** to the appropriate licensee point-of-contact (see below) by **September 15, 2012**, and identify the number of individuals in your group.
