Re: FirstLight Hydro Generating Company, Turners Falls Hydroelectric Project (FERC No. 1889) and Northfield Mountain Pumped Storage Project (FERC No. 2485). Response to Additional Information Request Regarding Phase IB Archaeological Surveys

Dear Secretary Bose:

FirstLight Hydro Generating Company (FirstLight) owns and operates the Turners Falls Hydroelectric Project and Northfield Mountain Pumped Storage Project. FirstLight is in the process of relicensing the facilities with the Federal Energy Regulatory Commission (FERC), including conducting Phase IB archaeological investigations. Please find enclosed FirstLight's Response to FERC's Additional Information Request dated June 21, 2018. Because the letter identifies the location of lands that may contain cultural resources, FirstLight is filing the request as "privileged."

If you have any questions, or need additional information, please feel free to contact me.

Sincerely,

A handwritten signature in blue ink that reads "Douglas P. Bennett".

Douglas Bennett
